MAASTO TPIMS Project

Smarter, safer truck parking is here!

Finding convenient parking is essential for your long-haul safety and success. But it's tough to find before your hours of service run out. MAASTO's Truck Parking Information Management System (TPIMS) lets you know about open spots *in real time.*
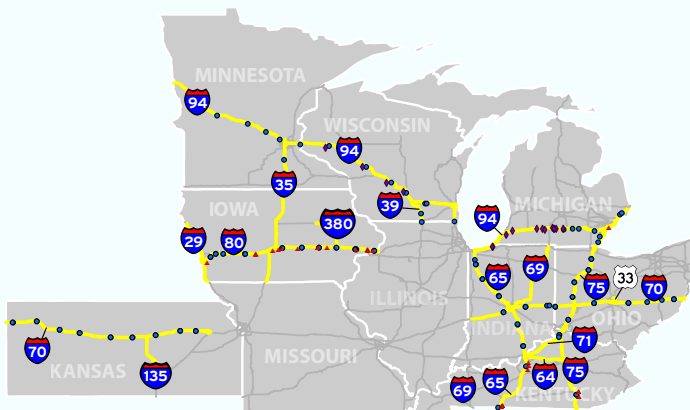

FINDING OPEN SPOTS IS EASY.

Many apps and tools you're already using incorporated TPIMS data starting in January 2019.

The free system includes both public rest stops and private truck stops and works seamlessly as you drive from state to state. Newly deployed vehicle detection technology ensures the data is reliable.

P OPEN SPACES

REST AREAS

7 MILES 10

34 MILES 12

78 MILES CLO

Get free, up-to-the-minute parking information via navigation apps, in-cab systems, 511 websites and digital signs.

8 STATES, 12 CORRIDORS

Indiana	I-65, I-69, I-70	Michigan	I-75, I-94, I-275
Iowa	I-80, I-380, I-35, I-235, I-29	Minnesota	I-35, I-94
		Ohio	I-70, I-75, U.S. 33
